# HARDING AND SHORTRIDGE WIN

## PHELAN IS SNOWED UNDER FOR UNITED STATES SENATE; LEGISLATURE IS REPUBLICAN

Samuel M. Shortridge was elected United States Senator yesterday, according to latest returns, by a plurality of at least 30,000 votes over his Democratic opponent, Senator James D. Phelan. Mr. Shortridge carried Los Angeles city and county by about 15,000 votes and Southern California as a whole by about 30,000. The vote is estimated to have been the heaviest ever cast for United States Senator in the State.

Returns from 1228 precincts, some complete and others incomplete, as reported at midnight, gave Shortridge 54,943 votes and Phelan 46,533. Phelan does not seem to have carried more than seven or eight counties in the State. He has an estimated plurality of 7500 in San Francisco and 1500 in Sacramento.

Shortridge ran three to one ahead of Phelan in San Bernardino and San Diego counties and was averaging about two to one in all the others.

Kern county is close with Shortridge slightly in the lead, while San Luis Obispo county seems to have given Phelan a slight plurality. The vote for the prohibition-socialist candidate for United States Senator was so tight that it was not reported in the early returns.

Despite the lavish use of money by the Phelan supporters for literature, paid workers and automobiles, the Republicans of the Southern California campaign were able to hold Harding to give him a Republican Congress to hold up his hands.

While the Anti-Japanese land law carried by a narrow margin, the election of the State refused to be foiled into believing that Phelan would be able to do more to keep the Japanese out of California than Shortridge, and the expected support from materialists from that source failed to materialize.

The election of Shortridge is generally regarded by Republicans of the State as a victory for the party after thirty years of valiant service for the Republican party in the State. He has always been a regular Repub-

lican and his very popularity may be due to his progressive like Chester Bowles, J. F. Neyland and Marshal Stimson to oppose him. He was attacked as a remnant of the Old Guard, but it is shown that he was a pretty substantial remnant.

Mr. Shortridge has pledged himself to work for President Harding and the Republicans majority act Federal law which will keep the Japanese out of California, also to help formulate a League of Nations to help maintain world peace.

**HIGHER COURTS.** For the associate justiceship of the Second District Court of Appeal Judge Craig was leading by a safe margin at 12 o'clock this morning. John W. Weller had a few votes to a tie for the second place. Judge Weller had a margin of a few votes.

For associate justice of the State Supreme Court Warren O. Olney, Jr., and W. A. Gowan were elected without opposition, as was Frank G. Layton for presiding justice of the Appellate Court, Second Division.

**STATE LEGISLATURE.** Little interest was manifested in the legislative election in the early morning, compared to the primary election. One reason for this was

against the wet majority that was expected from the former wet majorities piled up in that city.

In Los Angeles city and county incomplete returns from 52 precincts, give 4774 votes for the "wet" candidates, with

out opposition, as was Frank G. Layton for presiding justice of the Appellate Court, Second Division.

(Continued on Second Page.)

**VAN DE WATER IS VICTOR.**

**Bean and McClellan Ahead for Supervisors; Incumbent Judges Winning.**

For Congress in the Ninth District 184 precincts in Los Angeles city and county, incomplete, compiled at midnight last night, gave Van de Water 10,511 and Randall 5582. A midnight statement from his campaign committee claimed the district for Van de Water by 20,000 votes.

Throughout the citrus districts of the county, especially in Pomona, Covina, Monrovia and the eastern portion of Pasadena, Van de Water,

the Republican candidate for Congress in the Ninth District, was holding a two-to-one lead in the early election returns. This is in spite of the fact that he was defeated in a few of the citrus growing areas.

He has been working hard for the purpose of enabling the State authorities to enforce the Eighteenth Amendment. It was

overruled by the "wet" interests.

**SINGLE TAX BEATEN.**

Scattered returns fail to indicate clearly whether the prohibition amendment act has been sustained or beaten. Returns from 52 precincts, partially complete, give 4774 votes for the act and 4625 against it. San Francisco has received a plurality against the act that was expected from the former wet majorities piled up in that city.

Los Angeles, on the other hand, has not proved nearly as dry as was expected. The partial returns indicate that the vote in this city is close. Present indications are that the enforcement act will be sustained by a slight vote, as the county precincts are inclined to vote dry.

It is the single tax legislation for the purpose of enabling the State authorities to enforce the Eighteenth Amendment. It was overruled by the "wet" interests.

**ANTI-SINGLE TAX INITIATIVE.**

The amendment to increase the number of signatures necessary to pass an initiative measure on the ballot from 25 per cent to 28 per cent has apparently carried in Los Angeles city and county by a small plurality. The votes in the northern part of the State, however, are general, failing to reach the 28 per cent.

The proponents of the amendment are still hopeful, however, that the vote in Southern California will be high enough to sustain the northern adverse majorities.

**CITY PROPERTY.**

The first figures indicated the election of a majority of the ten incumbent Superior Court judges, although two of the new attorneys, making the race had polled a heavy vote in the earlier hours. Judge Al-

### HARDING NOT EXULTANT.

"Make Me Capable of Playing Part," is Prayer of Next President.

(By A. P. NIGHT WIRE)

MARION (O.) Nov. 2.—Convinced by early returns of his election to the Presidency, Warren G. Harding issued a statement tonight saying that instead of being exultant over the result, he was "more given to prayer to God to make me capable of playing my part."

Coincident with the Senator's statement, Harry M. Daugherty, a member of the Republican campaign committee, made this statement here:

"It is the greatest victory in American politics, clearly foreseen and predicted. It is more than a partisan victory, as the result was attributed to by millions of Democrats."

**WILLIAM VANCE PANAMA FIRST.**

The Senator's trip to Panama was shadowed and predicted. It is more than a partisan victory, as the result was attributed to by millions of Democrats."

"The women of the nation have quickly vindicated the conferring of the suffrage privilege, as they sensed correctly the issues and rallied to support the cause."

**COLUMBUS (O.).** Nov. 2.—Returns received and tabulated at 1:15 o'clock tonight from 2338 out of 7145 precincts in Ohio showed Senator Harding leading Gov. Cox for President by 11,122. The return gave Harding 355,798; Cox, 247,657.

(Continued on Second Page.)

**HARDING LEADS NEW JERSEY.**

(By A. P. NIGHT WIRE)

THEER COX, of Hoboken, N. J., conceded Idaho to Harding tonight, with but seventeen precincts of the State's 525 in the State reported complete. These precincts gave Cox 749; Harding, 152.

## COX NEWSPAPER ADMITS DEFEAT.

Chairman White Also Concedes Harding's Election.

Landslide in East Continues to Gain Momentum.

Cox Beaten Two to One in Murphy's Precinct.

(BY A. P. NIGHT WIRE) NEW YORK, Nov. 2.—On the face of returns showing the growing landslide for Harding, Gov. Cox's own newspaper, the Dayton Daily News, and Chairman White of the Democratic National Committee, both of whom had been up until 11 o'clock tonight, conceded the election of Senator Harding. Without waiting for returns from the West, which four days ago elected Wilson; in the face of pluralities for Hughes throughout the East, the Democratic candidate and his chief manager conceded that in the "so-called referendum" which President Wilson declared would decide the League of Nations question, American voters had preferred Harding, who favored staying out, to Cox, who favored going in.

**GOX MAKES NO STATEMENT.**

Gov. Cox, who was in his newspaper office when the concession to Senator Harding was published, said he would issue no statement. Senator Harding, in his home at Marion, said he was "more alive to prayer to God to make me capable of playing my part" than he was to exultation.

When Gov. Cox and Chairman White made their concession such returns as were coming in from the Western States showed a strong drift to Harding, and the Democratic landslide, which began to take on tremendous proportions throughout the East was continuing to roll on with increasing speed and momentum.

At the start the Democratic concession of Republican victory was made, there were many returns in to show the trend of voting in Cox's home state. The returns at hand showed few net changes and these were in favor of the Republicans.

**NEW YORK FOR HARDING.**

At 11 o'clock last night, with the West and Middle West still scarcely heard from, the Harding landslide in the East was continuing with gathering momentum. At the same hour, in New York, was being at that hour, the Republican plurality in the State of New York would be around the unprecedented figure of 1,000,000, more than one million. New York City, normally Democratic, was going for Harding by at least half a million.

The Governorship again continued strong with Republican managers claiming the defeat of Gov. Smith.

Pennsylvania returns at that hour showed Harding leading Cox three to one, and the returns from Massachusetts was promising Harding the greatest plurality ever given a Presidential candidate in the State. Cox had been a Republican for the second time in its history, and had given Harding a lead over Cox that gave him victory over Bryan in 1896.

**REPUBLICANS WIN VERMONT.**

Returns from half of Vermont gave Harding a three to one lead over Cox. Hughes beat Wilson two to one here in 1916.

In the district of Charles E. Murphy, leader of Tammany Hall, Harding beat Cox, two to one.

Maine reported Harding leading Cox by the margin of 10,000, and given to a Presidential candidate, Ohio, one-fifth complete, showed a growing vote for Harding.

Michigan was won by a vote of nearly two and one-half to one when returns from more than one-half of the 7365 election districts in the State were in. The returns tabulated were 9:45 o'clock tonight.

The vote in 3615 districts, 175 of which are in New York City, was:

Cox, 486,461; Harding, 583,487. If the remaining districts are included, Harding will carry the State by 130,000.

**CELEBRATION STARTED.**

With tooting horns and the crackle of whistles, New York's political power went into the streets late today for its hopefully election night celebration—for New York always celebrates, whoever the winner and the loser.

But hardly had the streets been filled than they were emptied again—or almost emptied—for the skies opened and the rain descended far more than the proverbial bucketfuls. Crowds which had gathered in front of bulletin boards broke and ran, even after a few minutes that wrapped the rain drops under umbrellas with merciless force.

The score, however, that stood their ground on Park Row at 8:45 o'clock was: Harding, 583,487; Cox, 486,461; Wilson, 583,487.

The New York City Republican, claimed the election of Senator Harding at 8 o'clock.

**WADSWORTH IN LEAD.**

U. S. Senator J. W. Wadsworth, the Democratic opponent of Lious G. C. Walker, by 147,185 votes in the complete returns from 1116 of the 4875 districts update. No New York City returns were available.

National managers of the Socialist party were claiming a popular vote of between 1,000,000 and 2,000,000 and 400,000 four hours ago.

Congressional returns at that hour still continued to come in slowly and without any reports from contested districts.

In Virginia, on which the Cox managers had been banking, showed a list to Harding's column.

The New York City Republican, claimed the election of Senator Harding at 8 o'clock.

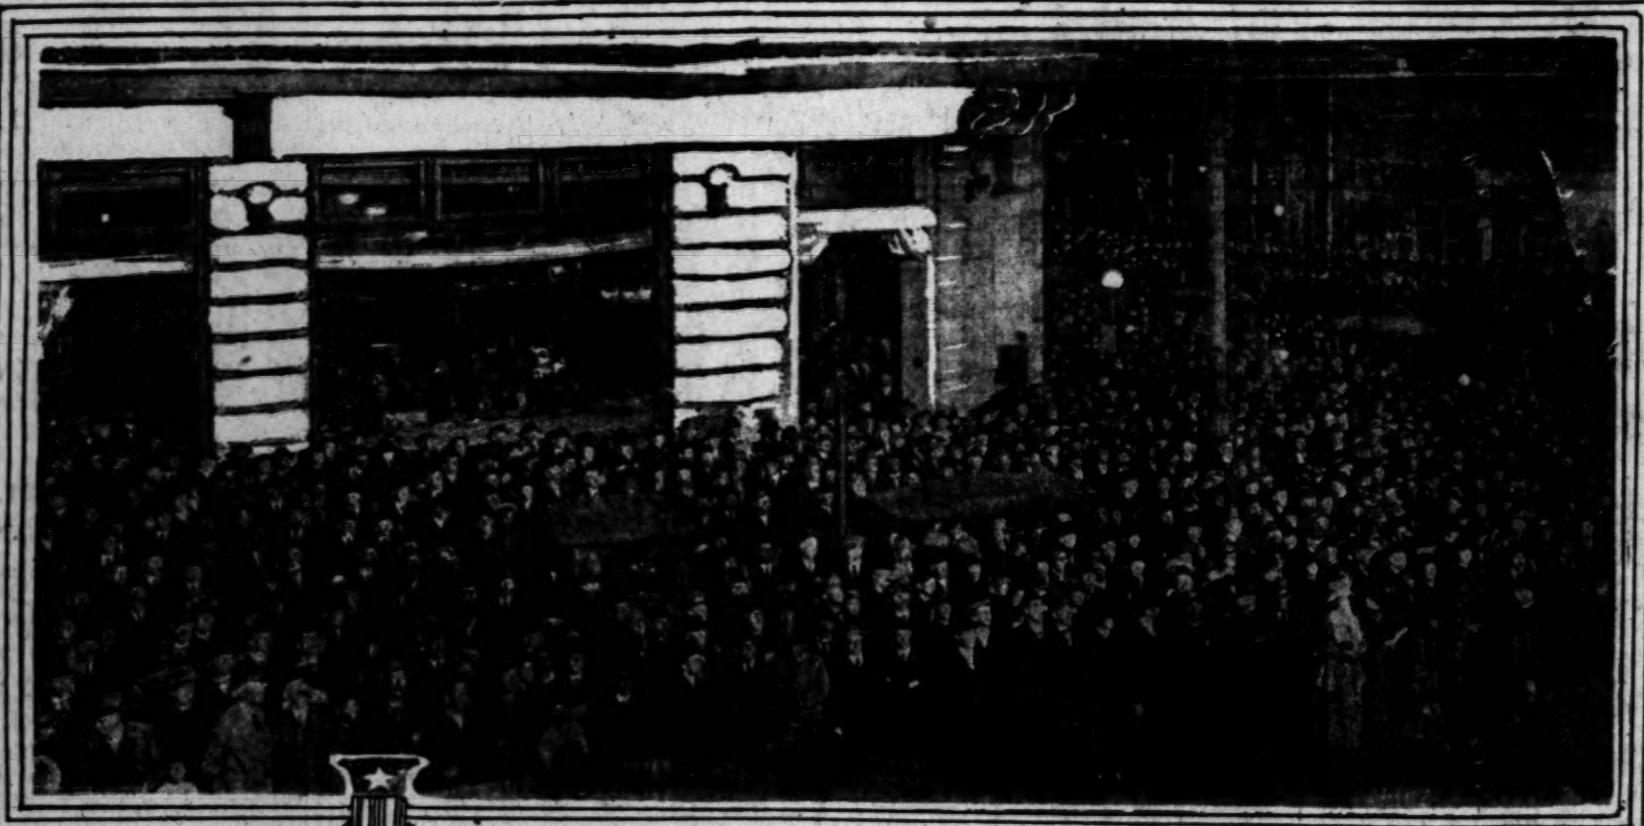

**MAINE GIVES LARGEST PLURALITY IN HISTORY**

(BY A. P. NIGHT WIRE)

PORTLAND (Me.), Nov. 2.—Harding carried Maine in today's election by the largest plurality ever given a Presidential candidate in this State. Of the first sixteen cities to complete their returns Cox carried only one, Biddeford.

Returns from 496 precincts out of 632 in the State gave: Harding, 104,488; Cox, 48,882.

### HARDING CARES OHIO.

(BY A. P. NIGHT WIRE.)

COLUMBUS (O.) Nov. 2.—Returns late tonight from nearly one-half of the 7145 precincts in Ohio showed Senator Harding leading Gov. Cox by more than 150,000 votes. If the present ratio is continued, Senator Harding will carry his home State by a plurality of approximately 257,000.

Former Gov. Frank B. Willis, Rep., was maintaining a lead of 20,000 over the Cox, who was leading by a vote of 26,000 over Julian, Democrat, in the race for State Senator to succeed H. D. Donashay, Democrat, who had 33,000 votes. The vote on Governor was: Davis, 58,515.

## BOTH SENATE AND HOUSE TAKEN BY REPUBLICANS.

### Harding as President Will Have Safe Majorities in Both Houses; "Doubtful" Senators Win.

(EXCLUSIVE DISPATCH.)

CHICAGO, Nov. 2.—The Sixty-seventh Congress will be almost overwhelmingly Republican on the basis of the Harding landslide election returns up to midnight.

The Senate will be Republicans by a majority of at least twelve, and possibly fourteen, an increase of ten or twelve over the present majority. Incomplete returns also indicated that Republicans would control the House of Representatives with a majority of eighty-three.

At midnight the estimates of political division in the two legislative branches were:

## DEFEAT CONCEDED BY COX.

Dayton "News" Issues Extra Edition Admitting Harding Election.

BY A. P. NIGHT WIRE

DAYTON (O.) Nov. 2.—Gov. Cox's newspaper, the Dayton News, issued an extra edition shortly before 11 o'clock tonight conceding the election of Senator Harding, the Republican candidate for President.

The Governor himself said he would make no statement tonight. His newspaper, however, carried the election returns under the caption, "Republican landslide: Harding wins."

Gov. Cox himself did not formally concede his defeat regardless of the statements made in his newspaper. He said: "I will make no statement."

Reporters, who called, found the Governor smoking and smoking a cigar. He showed no emotion during the evening, following a day spent quietly at his home near here.

Gov. Cox had maintained through the evening said the candidate realized his defeat long before the appearance of his newspaper extra. Mrs. Cox seemed unaffected, as did the Governor's daughter, Mrs. D. H. Mahoney.

Apparently the most consoling news of the evening for the candidate was unofficial returns, showing in thirty-three of the 265 precincts in Marion County, Ohio, that Gov. Cox led his opponent, 512 votes to 500. The county Democratic headquarters, however, reported that Harding carried Marion, the Governor's own precinct, by twelve votes.

MRS. EDWIN SAMUELS DIES.

**RED TROOPS IN MOSCOW MUTINY**

Soldiers Refuse to Go to Front  
Minus Equipment.

Machine Guns Are Brought  
Into Use to Quell Riots.

Between 200 and 300 Persons  
Are Executed.

BY CABLE AND ASSOCIATED PRESS

COPENHAGEN, Nov. 2.—A serious mutiny occurred in Moscow a few days ago, according to travelers who have been in Riga, Lettia, says the Politiken today.

The trouble commenced, the travelers report, among Bolshevik soldiers in the suburb of Chertanovo, to the north of the front unoccupied, supplied with new equipment. Civilians sided with the troops and there was considerable disorder in the barracks and streets.

Machine guns were brought into use, according to the travelers, and large numbers of troops were dispatched to the northern districts. Howitzers were placed in commanding positions and between 600 and 700 persons were arrested. Of them, the travelers assure from 200 to 200 more were executed. The leaders of the mutiny were not discovered.

The only confirmatory news of the foregoing was contained in a Paris dispatch Oct. 29, which stated that Helsinki's advice described the situation in Moscow as very serious. The Bolsheviks had proclaimed the government. The Helsinki's advice said the peasants had revolted in eleven provinces because of the reduction of their taxes by the government and added that among those cast in prison was Gen. Brusiloff, former Commander in Chief of the Russian armies. No direct advice has been received from Russian sources telling of disorders in Moscow.

POLES DROP BOMBS.

BY CABLE AND ASSOCIATED PRESS  
LONDON, Nov. 2.—Bombs dropped by Polish aviators over the town of Vilnius, forty-five miles northeast of Kovno, Lithuania, have killed or wounded a large number of persons, says a dispatch from Kovno today.

Authorities have been asked to give an account of the damage. The authorities said that she will not countenance the military activities of Gen. Balakowitch and Petura, the anti-Bolshevik commanders of the continuing hostilities against the Bolsheviks after the conclusion of the peace with Poland.

FLEEING FROM REDS.

BY CABLE AND ASSOCIATED PRESS  
CONSTANTINOPLE, Nov. 2.—Twenty thousand refugees fleeing before the advance of the Russian Bolsheviks in Northern Crimea are attempting to find ships to bring them to this city. Allied representatives here, however, have advised that there is no room in Constantinople for them.

POLAND, Nov. 2.—The South Russian Embassy here asserted today that the retreat as it was being carried out by Gen. Baron Wrangel, anti-Bolshevik leader in South Russia, was in connection with a pre-concerted strategical plan by which he purposed to concentrate his forces in the lower Don and Crimea, beginning in October. The Embassy said, would serve as the base of new operations which circumstances might make necessary.

The Embassy pointed out that Gen. Wrangel had used the same tactics with a vengeance.

A series of conferences in favor of the Russian revolution are planned by a commission formed by the General Confederation of Labor, the Socialist Party and the League of the Left. The commission will select a number of cities where these meetings will be held.

PARAMOUR MURDERED HUSBAND, WOMAN SAYS

DECLARES SHE KEPT MAN HIDDEN IN CLOSET FOR FOUR MONTHS.

BY A. P. DAY WIRE

LACROSSE (Wis.), Nov. 2.—An unusual case was disclosed today by Deputy State Fire Marshal L. M. Shearer, who announced that Mrs. Helen Biesen of Buckman Ridge, and her husband, John G. Biesen and John G. Biesen, a farm hand, concealed for four months in a closet at her home. His presence was discovered by his husband, Nicholas Biesen, who found him dead Aug. 24, the top of his head blown off by a shotgun. She said Biesen told her he had killed his husband, according to Shearer.

Biesen was arrested last night and told of his interrogation of Mrs. Biesen. Shearer had been investigating a fire, which destroyed the Biesen farm late in the night, after which he found Biesen in the closet and that he had told him he had killed his husband with a revolver and then used the shotgun to confuse the authorities. That night they burned the house to have an excuse to leave the neighborhood. Shearer said she told him.

AUTO TURNS TURTLE; FOUR ARE INJURED.

FAMILY SERIOUSLY HURT IN MACHINE ACCIDENT NEAR SAN MATEO.

BY A. P. DAY WIRE

SAN MATEO, Nov. 2.—Two women were injured, perhaps fatally, and a father and son less seriously hurt when the automobile of Charles Rattner, of San Francisco, lost control, passed under a moving machine on the highway at Beresford, two miles south of here, today.

The injured women are Mrs. Charles Rattner and Mrs. Amelia Rattner, sisters-in-law. The others are Joseph Campie and son. All reside in San Francisco.

Charles Rattner, who was at the wheel of the car, was unhurt. The injured were taken to the Red Cross Hospital here.

**The Crown of Womanhood**  
is motherhood. But many women face the ordeal of maternity without sufficient preparation. At such times and later—the mother should take a vegetable tonic, sold by druggists and known in almost every home as Doctor Pierce's Favorite Prescription. Thousands of women have testified as to its efficacy as does the following:

OMAK, WASH.—"In the five years we have been married we have had three children and lost two of them. I doctorred with two of our local doctors and they told me I had kidney trouble. I began taking Dr. Pierce's medicines, first having written to Dr. Pierce's Invalid Hotel, in Buffalo, N. Y., telling exactly how I was and had been, what I had done, and asked what I should do. They told me to take Dr. Pierce's Favorite Prescription, which is a woman's medicine; the 'Golden Medical Discovery,' which is a tonic; and the 'Anuric Tablets' for the kidneys. I took all of these medicines and to-day I have a strong, healthy little girl, also I am better than I ever was before."

"I can never thank Dr. Pierce enough for his kindness in giving me advice all during expectancy and in analyzing the samples, free of charge, that I sent to him."—Mrs. H. D. Simpson

To provide adequate show and salesrooms for its big line of tractors, farm trucks and "Sunnyhome" light and power plants, the Samson Tractor Co. has recently completed a beautiful building at 27th and Figueroa, where it occupies a full half block.

Facing on a prominent boulevard, right in the fashionable residence district, the structure is in pure white, of attractive design, and will serve as a perpetual and creditable advertisement of the famous Samson tractors and other Samson aids to better farming.

Inside, the Samson building is a marvel of completeness, being ideally arranged for the effective display of the Samson line. The offices of this great organization naturally called for distinctive furnishings, and the Weber Showcase & Fixture Co. considers it a compliment that it was called upon to completely equip the Los Angeles offices of the Samson Tractor Co.

It is significant that so many concerns of consequence in Los Angeles business life should recognize the merit of Weber equipment and Weber service.

## ONE KILLED, SCORE HURT IN COLLISION.

Two Sections of Southern Pacific Train Come Together at Siding.

**[BY A. P. NIGHT WIRE]**  
SAN FRANCISCO, Nov. 2.—A Pullman porter named Weismeyer from Oakland was killed, two passengers seriously hurt and twenty-four other persons slightly injured in the collision today of two sections of Southern Pacific Train No. 16 at Coram, thirteen miles from Redding.

The accident occurred, according to company reports, when the first section of the train backed out from a siding to the main line without flag protection and was struck by the second section. Three cars were damaged. The sections were northbound.

The injured include:

Mrs. V. C. Mendenhall, route 4, Sacramento, back and hips bruised and sprained.

J. F. King of Needles, a Santa Fe conductor en route to Cherryville, Or., to visit parents.

J. Rock, Marysville, leg bruised.

Gilmore Tubbs, Yreka, left hip bruised.

J. Cherry Weed, right hip and leg bruised.

C. M. Ahstrom, Montague, back sprained.

E. J. Thomas, Baird, leg sprained and bruised.

Mrs. E. J. Thomas, leg sprained and bruised.

**INMATES OF HOSPITAL ORDERED INTO COURT.**

**FREED DAWTRY FAILS IN ATTEMPT TO HAVE MEN PRODUCED AT ONCE.**

**[BY A. P. NIGHT WIRE]**  
NEW YORK, Nov. 2.—A writ of habeas corpus requiring the production in court of eighty-one inmates of the Manhattan State Hospital was granted today by Supreme Court Justice McAvoy upon application by Louis Cohen, a lawyer, who has just been freed from the institution by the court as "safe and well behaved."

Cohen failed in an attempt to have the court pass today on the rights of the men who he said were improperly detained and ill-treated, committed and are entitled to the right of suffrage. Their hearings were set for November 22. Justice McAvoy ruled that the hospital authorities should have time to prepare themselves to meet the allegations and be represented by the State Attorney-General.

Dr. M. R. Heyman, superintendent of the hospital, told the court that he could not produce all the inmates mentioned in the writ because he did not have enough keepers to escort them and because several of them were sick and some were dead.

**IMMEDIATE CREDIT FOR FARMERS ASKED.**

**[BY A. P. NIGHT WIRE]**  
WASHINGTON, Nov. 1.—Extension of immediate credit relief to farmers by executive action, pending the reconvening of Congress, was asked of President Wilson today by George P. Hampton of the Farmers' National Council. In company with William H. Johnson, president of the International Association of Machinists, Mr. Hampton called upon Secretary Tumulty, who is understood to have promised to present the request to the President at once. It is contained in a letter which said the proposals presented were endorsed by Mr. Johnston, B. M. Judd, American Federation of Labor, William Steiger, general chairman of the Brotherhood of Locomotive Engineers, and Sidney Hillman, president of the Amalgamated Clothing Workers.

**AWARD CLAIM AGAINST ESTATE OF PASTOR.**

**[BY A. P. NIGHT WIRE]**  
NEW YORK, Nov. 1.—A claim for \$349,672 against the estate of the Rev. John H. Strzelcik, who at the time of his death in December, 1918, was rector of St. Stanislaus (Polish) Roman Catholic Church here, was awarded the Roman Catholic archdiocese of New York in a referee's finding filed today in the surrogate's court.

John F. Brennan of Yonkers, referee, reported that testimony of an attorney showed that the priest had misappropriated funds belonging to the church, and that his brother, Julian Strzelcik, who succeeded him as pastor, had taken possession of cash, bonds, bank books and other valuables, which belonged to the archdiocese.

**ARREST WIFE FOR HUSBAND'S MURDER.**

**[BY A. P. NIGHT WIRE]**  
OGDEN (Utah) Nov. 2.—Mrs. Laura Barker, 45 years of age, the mother of seven children, was arrested here today on a complaint charging first degree murder in connection with the death of her husband, Charles Lee Barker, railroad employee. Barker died last July. He is said to have been poisoned.

**WHITE HOUSE BALLOTS DON'T REACH DISTRICT.**

**[BY A. P. NIGHT WIRE]**  
PRINCETON (N. J.) Nov. 2.—The ballot of President and Mrs. Wilson, mailed from the White House, had not been received at 1 o'clock this afternoon at the Seventh Election District.

The ballots were expected to go to the county election board before being forwarded to the district.

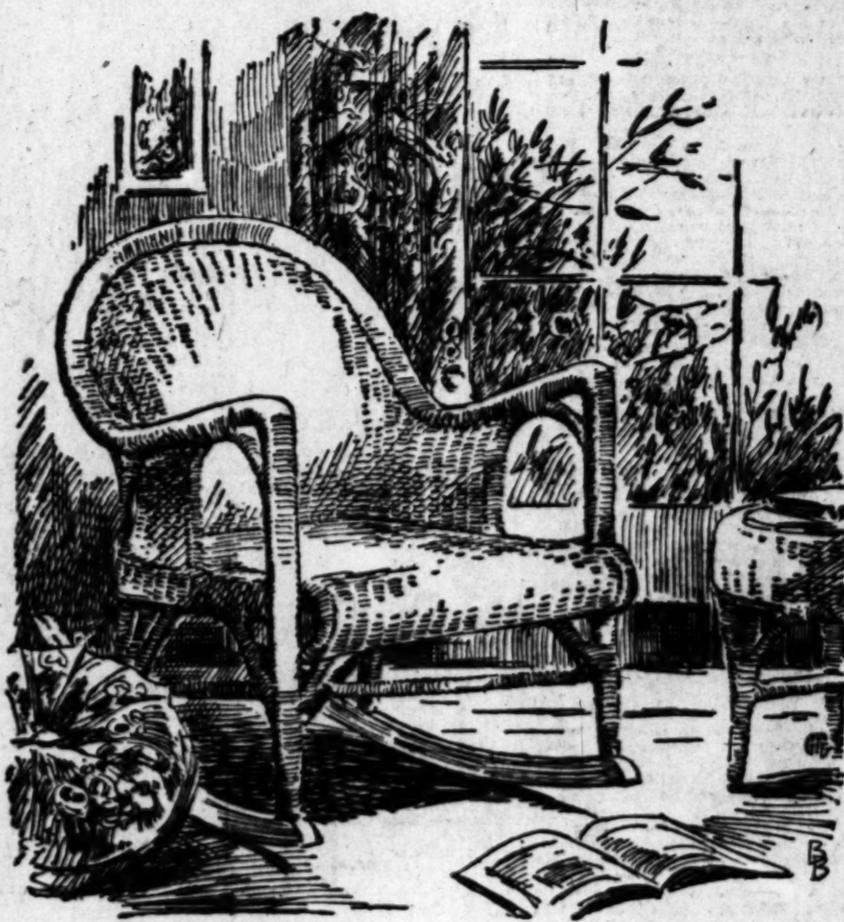

**REPORTER CROW FOR HARDING.**

Defeat Cause Advanced.****Prussian Arrogance has Gone,  
Says Relief Man.****(EXCLUSIVE DISPATCH)**  
PHILADELPHIA, Nov. 2.—An epidemic of suicide is sweeping Germany according to D. Robert Yarnall, who has just returned to Philadelphia after having directed the work of the Friends relief commission in Germany for six months. "There is an increase in the number of suicides," said Mr. Yarnall, "in the direct result of the feeling of utter hopelessness and despair which has taken possession of a large portion of the German people. They believe that Germany's tremendous war debts can never be paid and that the Fatherland never again will be able to take its place among the great powers.**GERMANS IN DESPAIR.**

A German who recently visited Philadelphia said that his fellow countrymen and especially the Prussians had thrown themselves into an orgy of riotous living. That, Mr. Yarnall declared, in the main was due to the fact that they were still in Berlin shortly before I left Germany," he said, "and from what I could see the so-called night life, gambling and the like, was going on to a greater extent than before the World War. Despair seems to be too deep rooted to find expression in such frivolousness.

**NOBILITY SUICIDES.**

"Self-murders are most prevalent among the upper classes, who once were considered the 'upper classes' and the nobility. These people are absolutely down and out and as we say in this country, 'up against it.' The members of the upper classes of Berlin, once notorious for their arrogance, have lost their impudent air completely," Mr. Yarnall said.

The cocky Prussian Lieutenant who at one time behaved as though he owned the sidewalks of Berlin has disappeared entirely from the Friedrichstrasse Unter Den Linden and all other streets.

By January 1, Mr. Yarnall asserted, there will not be a big gun or a scrap of ammunition left in Germany.

**DESTROY PATTERNS.**

"The engineers of the Allies are established in all industrial centers." Mr. Yarnall said. "They are systematically destroying all patterns and tools for the manufacture of any kind of armament. Few people know how completely Germany is being disarmed."

"Krupp at Essen has taken to making cash registers, typewriters, automobiles and other articles needed in the pursuit of peace. Business is good. The toy industry has picked up somewhat, encouraged by American department-store owners."

**POOR SUFFERING.**  
Mr. Yarnall said that while this year's crops have improved, the food supply is still extremely poor, especially for the mothers and little children still are suffering terribly through undernourishment. He has issued an appeal on behalf of the Friends for aid in the extensive relief work they are now carrying on.

"My general impression of Germany," Mr. Yarnall said in concluding his talk with newspaper men, "can be summed up in these few words: 'The American people do not realize how thoroughly the Germans have been licked.'

**"NICKY" ARNSTEIN'S  
TRIAL IS POSTPONED.****MAN MENTIONED IN \$8,000,000  
BOND THEFT MUST ANSWER  
FEDERAL CHARGE.****BY A. P. NIGHTWICH**  
NEW YORK, Nov. 1.—Dist.-Atty. Swann was requested by U. S. Atty. John E. Laskey of Washington to defer the trial here of Julius W. (Nicky) Arnstein, so that he may be placed on trial in Washington with others charged with having transported bonds bearing into the District of Columbia. Arnstein and the other Washington defendants are under Federal indictment and it is proposed to try them jointly this month.

Arnstein, who was frequently mentioned in connection with New York's \$8,000,000 bond theft plot, is under charge of contempt resulting from his refusal to answer questions in connection with his bankruptcy examination.

Washington, Nov. 1.—Julius (Nicky) Arnstein, alleged "master mind" in the New York \$8,000,000 bond robbery, will be brought here Friday for arraignment and trial under a Federal indictment filed today by Justice Gould of the District of Columbia Supreme Court.

Arnstein, with several alleged "goons" was arrested here last summer, charged with having brought certain securities into the District "unlawfully, without the consent of the owner." He is now in custody in New York.

The writ was issued on application of John E. Laskey, United States Attorney for the District.

## END OF EIGHT YEARS MISERY

Used Lydia E. Pinkham's Vegetable Compound and Recovered.

Newark, N. J.—The doctor said I had an organic trouble and treated me for several weeks. At times I could not walk at all and I suffered with my back and limbs so I often had to stay in bed. I suffered off and on for eight months. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine and tried it with splendid results. I can now do my housework and my washing. I have recommended your Vegetable Compound and your Blood Medicine and three of my friends are taking them to advantage. You can use my name for a testimonial."—Mrs. THOMAS COVENTRY, 15 Burnet St., Newark, N. J.

## COURT RULING HITS JAPANESE.

California Decision Blocks Plan for Appeal.

Expected Law Would be Held Invalid.

State Department Abandons Proposed Action.

A synopsis of this decision was filed here in addition to the press dispatched and the next move is one of conjecture.

### MAY SEEK DELAY.

It is assumed that Japan, through the embassy, will attempt to have the State Department intervene with the State authorities and attempt some kind of legal action. What action be taken under the general and specific treaties between the United States and Japan. Had the court decision destroyed or impaired the law prohibiting Japanese from owning land in California there is no question that court action to enjoin California officials from enforcing the new law would be attempted.

### TO LOCK OUT WORKERS.

[EXCLUSIVE DISPATCH.] WASHINGTON, Nov. 2.—Tentative plan to appeal to the courts in case California carried out today its intention of keeping the agricultural lands of that State from use, lease or ownership by the Japanese were upset today when news was received here that the courts in San Francisco had sustained the law prohibiting Japanese ownership of lands. The State Department had intimated that action hinged on this decision, but apparently the officials in charge of this matter expected that the law would be held invalid and apparently expected such a decision would pave the way for successfully attacking the new law in the courts.

### PLAN ABANDONED.

It is the understanding of those in Washington who have been following the Japanese activity in connection with the court decision that a leasing law that there had been reached a complete understanding between the State Department and the Japanese Embassy concerning future steps to take in carrying out the law in the courts, but tonight it is understood that such action has been abandoned finally and completely.

It certainly was a surprise for the State Department, as well as the Japanese diplomats accredited to the United States when the full significance of the court decision in San Francisco was explained in detail.

## LEAGUE APPROVED NEW COURT.

Root-Phillimore Body of Justice Accepted by Council of the League; International Tribunal Status Explained by Former President—Acceptable to Harding.

BY WILLIAM HOWARD TAFT.

European dispatches report that the Council of the League has approved the report of the Root-Phillimore commission concerning jurisdiction which it confers upon the court which the plan describes.

In other words, the Council, by approving and submitting the Root-Phillimore commission to the members of the League, has accepted the jurisdiction conferred on it by Article XIV, and its recommendation therefore, if accepted and approved by the League, will become the law.

Articles XV and XVI in reference to the disposition of justiciable questions.

### NATIONAL OBJECT.

The dispatches report that one or two countries, notably Sweden, have objected to the plan of the Root-Phillimore commission, because it does amend the League and change the obligation of nations under it in reference to justiciable issues. In order to give effect, therefore, to the Root-Phillimore plan, its report must be adopted and submitted to the League, which will be accepted.

The dispatches report that the hearing of the suit brought by the Attorney General of California to escheat certain agricultural lands here, alleged to have been held for the benefit of Japanese, was continued today to November 15.

### SUIT TO OUST JAPS DELAYED BY ILLNESS.

[EXCLUSIVE DISPATCH.] PHILADELPHIA, Nov. 2.—Short skirts, filmy stockings, low cut, loose cut and lacy blouses—the world's modern style of dress, in fact, are responsible for the startling increase in murders in Philadelphia, according to Coroner Knight.

Reviewing murder figures for 1920, Coroner Knight predicted the total number this year will exceed those of 1919, when the homicides of the city numbered 108. Drinking, in his opinion, had little to do with the recent increase in murder.

"You cannot say there are more murders because Philadelphia has gone dry," he said. "Because, while prohibition is in effect theoretically, it is not in fact. The only difference is the stuff isn't as good and it costs more."

"Records reported to my office would make it appear that women's dress, or rather the lack of it, is chiefly responsible. The year 1919 was a high year for murders, but this year promises to exceed it. We find a great proportion of the killings caused by jealousy."

The Coroner's theory is that modern dress tends to attract the attention of men in a manner which old-time fashions never did.

\*\*\*\*\*

Greece, who temporarily, have representatives in the Council.

Article XXI provides the government proposal that amendments to the present shall take effect when ratified by the members of the League whose representatives compose the Council of the League, and the members of the League whose representatives compose the Assembly.

All that is necessary, therefore, to add this court plan to the League is for the Council to accept the recommendation of the court which it confers upon the court that the recommendation of the Council shall be approved by a majority of the Assembly. If so, it will become the law.

The favorable action of the Council, by approving and submitting the Root-Phillimore commission to the members of the League, has accepted the jurisdiction conferred on it by Article XIV, and its recommendation therefore, if accepted and approved by the League, will become the law.

Articles XV and XVI in reference to the disposition of justiciable questions.

### CHEF ANSWERS MANY QUERIES.

Appreciative Ones Told How  
to Make "Good Eats."

Even Men Included in List of  
Cooking Enthusiasts.

Every Recipe Given Has been  
Tested and Proved.

By A. L. Wyman.  
I am Wyman will give his tested and proved recipes for luncheons and special occasions, also directions pertaining to food and cookingery that may be of interest to you. The names may be in this column every Wednesday. Address requests to A. L. Wyman, 4239½ Woodward Ave., La. Angeles 22.

"I have read your interesting article in last Wednesday's Times and would be pleased if you would give some recipes for sandwiches and cake for an evening party of ladies and gentlemen, also a good menu, not too expensive, for a dinner something new and unusual."

M. E. R.  
For your meat and fish sandwiches use the butter creamed and if you like add a little mustard or mayonnaise; spread on a slice of bread with butter and the other with the sandwich filling. Use fine, clean grained bread twenty-four hours old, cut a bread twenty-five hours old, then spread a thin layer of bread knife in slices one-eighth to one-quarter inch thick. If sandwiches are to be cut in fancy shapes, cut them out before making sandwich.

Sandwich fillings—Equal parts of finely chopped cooked ham and hard boiled egg moistened with mayonnaise; add one slice of chicken, one tablespoon chopped almonds, one teaspoon chopped parsley, one teaspoon chopped onion, season with salt and paprika; mix with a little mayonnaise. Mash one cream cheese and add one cup of crushed, salted almonds, moistened with one tablespoon orange juice. Spread on brown bread. Equal parts of chopped olives and onions, add one slice of ham, season with paprika, use no salt. Chopped pimento bound with mayonnaise and a little chopped parsley.

Sandwich caramels—Add to the shredded meat of one lobster or crab a half a cup of minced sweet mixed pickles season with salt and pepper and add four tablespoons of tarragon vinegar, let stand a few minutes, then squeeze out the vinegar and add six tablespoons of mayonnaise and two mashed hard boiled eggs.

Fresh sandwich—Half cup seeded raisins two-thirds cup walnut meats; chop raisins and nuts very fine and moisten with a little cream.

Fudge cake—Melt half cup of chocolate in a double boiler and add one tablespoon butter and two tablespoons sugar. Beat one egg in another cup and add to the first cup; then one cup sugar and two teaspoons of baking powder and add the egg and milk, beat well and add the chocolate mixture with a teaspoon of vanilla. Pour into a square cake pan in a medium oven thirty minutes. Cover with fudge frosting and cut in squares.

Fudge frosting—Mix six tablespoons of powdered sugar with one and three-quarters cups sugar, three-quarters cup milk and one tablespoon butter; cook until it begins to set when dropped in cold water. Remove from stove, add one teaspoon vanilla and beat until cool.

Here is a menu for a meatless dinner:

Steak and new beans.

Stew olive Mexican.

Italian sauce, beans, rice torte croquette.

Calico pot, avocados and cheese.

Pearl onions, lettuce, bacon.

Gravy juice cup.

Here are some of the sample queries I have been receiving:

"Will thank you to send me the recipe book which you kindly offer to send subscribers in this am's Times—R. H."

"In the Los Angeles Times I have been reading of your recipes. If you have a book of recipes I would like to have it mailed to me."

"As I have a book of recipes and as what I offered was to give any recipe or instructions how to prepare any dish in my menu that would be fine. I hope I can get it back again. Who sent me the above will not be disappointed in not receiving a reply by mail."

"Have recently moved to Los Angeles from Nebraska and would like to have your column what flour and shortening to use—M. A. L."

"As I cannot give trade names in this column will be glad to give you the information asked for if you will send me a stamped and addressed envelope."

"This one is from a man: 'Please tell me how to prepare the cooled relish that I served in "Blank's" Cafe as a salad—C. V. B.'

"Celeri Victor—Select one small head of celery; for each one to be served trim the bottom, remove the outside stalks and leaves and boil until soft in a stock made from chicken and veal bones with a bay leaf, onion, carrot, sprig of parsley and a sprig of thyme. Boil a celeri root in the stock; when cold press out the stock gently with the hands; place on a cold plate and pour over dressing made with half a teaspoon salt, half a teaspoon each of black pepper, one tablespoon tarragon vinegar, one tablespoon lemon juice, one tablespoon chopped chervil or parsley and one tablespoon olive oil. Add melted oil, a little finely chopped pimento and boned anchovy is a nice addition."

"From another man: 'Chef Wyman, please tell my wife in your column in The Times how to make the macaroni that you served at the banquet Saturday night—W. E. B.'

"Boil one small package of macaroni in boiling salted water until tender, drain in a colander and pour cold water through. Mix with a sauce made with one tablespoon of butter, one tablespoon flour, one cup of milk, one tablespoon sugar, one teaspoon salt, two teaspoons mustard, four tablespoons chopped onions, two tablespoons butter, two tablespoons flour, one cup of milk, one cup of tomatoes, one cup of cream, one cup of grated cheese. Brown in medium oven."

"Am most enthusiastic about the butter Scotch pie served at the 'Blank' tea room. Will you kindly insert a recipe for making them in the columns of The Times, and also a recipe for the marshmallows used in the filling for cakes?"—L. C. S."

"As I have never had the pleasure of tasting the butter Scotch pie in the tea room you mention, will give you two recipes that have been used by me with very good results."

"Butter Scotch pie No. 1—Beat two eggs yolks with one ounce cup of dark brown sugar, two table-

### MUSEUM IS SHOWING WOOD BLOCK PRINTS

An interesting exhibition of twenty-seven wood block prints by Bertha Lum, of San Francisco, is being held at the Museum of History, Science and Art, Exposition Park, and will continue until December 1. Mrs. Lum, whose subjects are almost entirely Japanese, has lived in Japan and studied her craft directly from the print makers of that country. She is especially interested in portraying the folk lore of the Orient, and her interpretations are delightful.

### SOCIETY.

BY VIRGINIA WOODS

For the Parkers.  
Lady Parker, wife of Sir Gilbert Parker, the noted novelist of Canada, is to be presented to a stylish group of Los Angeles folk at a tea on Friday afternoon at which Mrs. William De Mille is to be hostess. Sir Gilbert and Lady Parker are here on pleasure bent and also to see about the filming of some of his novels.

By Mrs. Van Nuya.  
Mrs. Marcus Daly who is the center just now of a lot of entertaining is the inspiration for the luncheon at which Mrs. N. Van Nuya is to entertain Tuesday at the Beverly Hills Hotel. She will have a company of twelve.

Interesting Affairs.  
A lovely luncheon today is that at the California Club in compliment to Mrs. George Campbell Jones of Mexico. Mrs. Fred Birky of Long Beach, sister of the visitor, is hostess. After luncheon they and many of their guests will motor over to Pasadena to the residence of the one with whom Miss L. L. Krebs is entertaining for Miss Florence Murphy of Virginia.

Gov. and Mrs. Stephens.  
Mrs. William D. Stephens arrived here yesterday to visit her husband, the Governor, for a short visit in Los Angeles. They are guests of his sister, Mrs. John K. Williams of Oxford avenue. Mrs. Randolph T. and his son, Mr. Marlowe, are here. Mrs. Stephens are still here, but will probably return to Sacramento with Gov. and Mrs. Stephens.

Home from Abroad.  
Mr. and Mrs. Harry W. Grady (Lucretia Del Val) arrived here yesterday having come by way of San Francisco from New York where they had been staying since their arrival from Paris, France. They sent their two children, Reginald Del Val Grady and baby, Patricia Marie with their nurse, on before them. They will be here visiting her father, Hon. R. F. Del Val and her sister, Mrs. Allan V. Duncan, for two months and a half.

Miss Davis of Butta, who came out to serve as maid of honor at the Weirick-Foster wedding left yesterday for Oxnard to visit Mrs. M. O'Rourke, who will return in time for the tea.

Mrs. Jones.  
Mrs. John Percival Jones, who spent the summer at Catalina, will return this week and will be the house guest of Mrs. Hancock Banning at her West Adams-street home.

Mr. and Mrs. Davidson.

Mr. and Mrs. G. Aubrey Davidson and son, Gilmore, who have been enjoying a visit in Los Angeles and Santa Barbara, returned to their home in San Diego yesterday.

Miss Flint.  
Miss Alice Arwell-Flint of 749 South Kingsley Drive is in San Diego, having gone to attend the farewell reception given for Admiral and Mrs. A. Wylie. She is the honored guest of Lieut. and Mrs. Eugene Herzinger and several affairs have been given in her honor, among them being the dinner at the U.S.S. "Arizona" at which Lieut.-Commander E. R. MacKenzie was host.

Halloween Dance.  
In honor of the birthday of her daughter, Miss Florence Eleanor Weirick, Mrs. Campbell Herndon gave a Halloween dancing party Saturday evening in the spacious sun parlor of the Rampart. It was decorated in yellow flowers, corn stalks, gourds, etc.

Asplinger were Mrs. F. B. McCardy and Mrs. E. R. Brainerd. There were a hundred guests.

By Mrs. Huntington.  
A charmingly appointed luncheon was that presided over by Mrs. Irvine Sturts at her home in Oak Knoll on Monday. Plates were set for ten.

By Mrs. Huntington.  
Charles Cleveland Huntington was hostess at a tea in honor of a few former Memphis (Tenn.) friends, now residents of Los Angeles. Before tea was served there was an interesting program given by Mrs. Dwight Satterlee, Miss Isabel Foyer, Cyril Dwight Edwards, Herman Lohr, Miss Campbell and Mrs. Huntington. Among the guests were Col. and Mrs. J. C. Jackson, Mrs. Minnie Thomas, Mrs. Mollie Crook, Mrs. Ed. T. Cannon, Miss Sophie Williams, J. McDowell, William B. Williams, Mrs. Marion Johnson, Ada Mas Lotte Baker, F. Lee Jr., Lulu Clarke, Dwight Clarke, Huntington, Charles C. Huntington, Jr., Kate Province, Harry Field, and Mr. Edward B. Burd Richardson, Hugh K. Walker, E. T. Stoen Co. and Mrs. C. W. Hawley, Fisher Steadman, J. T. Foyer, R. T. Huntington, John H. Nichols, Harold Ellis, Harold Ellis, Grantham, and Long, Misses Isabel Foyer, Laura Williams Marye, and Elizabeth Jorgenson. Mrs. Huntington was Misses Marye, L. H. Chatterton and Mary Bartlett.

Boat Owner Files Salvage Claims as Result of Channel Collision.

Deputy U. S. Marshal Monteleone yesterday attached the tender steamer Hakyuro at a harbor pier on a salvaging claim of Nikolko Vitalich, owner of the boat, the New Moon, which he asserted drove the Hakyuro from sinking following the collision off one of the Channel Islands several weeks ago.

"One o'Clock Saturdays"

Bullock's annual November Sale of Hats at \$7.50 will commence at 9:00 this morning and never before have the promises been so rosy for a great day of Winter Hat provision.

Dance Hats, Turbans, large Brim Hats—Hats of Gold and Silver Laces, Cloths and Brocades; Hats of Fur; Hats of Velvet and Panne Velvet, with a generous sprinkling of Feather Hats. Hats—smart and perky for the Miss; Hats, more conservative for the Matron. Winter Hats, Bullock Hats at \$7.50.

Just 2000 of them. It is not at all improbable that one day will be sufficient to see them all gone if performances of the past mean anything. You should grant yourself the privilege of seeing what really beautiful hats have come to be available—at \$7.50. If you have recollections of a former Bullock event of this character you should attend with expectations of even greater value attainments upon the part of Bullock's and the Hats at \$7.50.

—Today—at Bullock's—Third Floor.

Many "Pretty Tricks" of Braiding, Beading and Embroidery Add Definite Beauty and Value to the  
New Velveteen Dresses at

**QUOTE A JOB.**  
Looks as if an early task of the League of Nations would be to demobilize Senator Johnson and Herbert Hoover.

**COMES EASY.**  
Of forty leading cities the cost of living is least in Los Angeles and by the same token it is worth as much to live here as in all the rest of 'em put together.

**CARRIES A LOAD.**  
It is a quiet night in Chicago when some policemen don't steal a carload of whisky worth \$20,000 or so. A ten-ton truck seems to represent the average load of a Chicago cop.

**THE TEA HOUNDS.**  
The man in the street says that a parlor Bolshevik is one who used to follow the free lunch route, but since the saloons are closed has taken up the scent of oolong. He goes where the tea is poured.

**THE FLOUR BARREL.**  
Imports of Canadian wheat and flour in October were three times heavier than usual. The American farmer will have some trouble in getting the \$3 he wants if increased importations continue.

**MUST BE KID.**  
Pity the poor leather man. The Central Leather Company reports a deficit of some \$3,000,000 while the American Company is some \$3,000,000 behind on the year's business. Why don't they make some of their stuff up into shoes?

**GOING GLENDALE.**  
Building permits in Glendale exceeded the usual \$300,000 minimum for October and the regular monthly output of 100 new homes results. A hundred homes a month is the Glendale habit and it is unique in American cities of its size.

**RISKY WORK.**  
British soldiers on duty in Ireland are considered extra hazardous risks by the insurance companies. Night potting of constables is the favorite employment of the Sinn Finns. Arson and murder have taken the place of gossip and tea.

**HIGH-PRICED SEATS.**  
It is expected that the Dempsey-Car- penter fight will be for a purse of half a million dollars and that the mob picture rights will represent a million more. War is indeed an expensive luxury. The sports will have to pay for the high cost of fight- ing.

**TRADING OVERSEAS.**  
American exports to Germany are now running at the rate of twenty million dollars a month, but it isn't in fire crackers and pretzels. We are not supposed to have a legal peace with Germany as the situation rests, but we can send a piece of coal or bacon.

**COSTLY REMORSE.**  
German drunks up 10,000,000 bottles of champagne within the year as against 4,000,000 bottles in the twelve months before the war. The cost is now about \$25 a quart as against \$2 in the old days. The German monarchists believe in drowning their grief in something worth while.

**HOPES LOST FAITH.**  
The wife of the author of the song: "Oh, What a Pal was Mary," has secured a divorce. Her name is Hope and she found out who Mary is. It seems that Mary has been a wonderful pal. The wife thought the husband was writing songs about Mary the same as George Cohen would, but it turned out that there was a real Mary on the boards and then the fireworks began.

**PAYING EXPENSES.**  
Czechoslovakia is not exactly paying dividends, but the new nation has arranged its finances and budget so that there is now no deficit in its governmental operation. It is paying the expenses of administration. This is gratifying as showing the splendid possibilities of the country. Europe would be one great going concern if it could cut out the war stuff. The League of Nations will see to that.

**TROLLEYS AND TRADE.**  
The trolley lines must adopt modern advertising methods in order to maintain and extend their business. That was the conclusion reached at the convention of the American Electric Railway Association. Nobody loves the street car company and now that the average family has a little the folks who take to the trolley for pleasure are few. The traffic companies are not making any money. They have stopped paying dividends and it is necessary to do something to get back into popular favor. In other lines much is accomplished by shrewd advertising and the trolley companies find substantial benefits in publicity campaigns. First thing we know they will be advertising special trips, special train-bargain days and other inducements. They will give away coupons with so many tickets and will be serving lunch and refreshments for passengers who spend the day with them. The points of interest along the line will be exploited and a barker with a megaphone will be carried for the entertainment of the tourists. There's a chance for the trolleys yet.

**A DAY OF GLORY.**  
A Senator Harding has been elected President, according to the midnight returns by the largest popular plurality ever given to a Presidential candidate in the history of the country. His sweeping victory has carried into office with him a Republican Congress and a Republican Senate.

Eight years of Democratic incompetency and waste are drawing rapidly to a close. The people of the United States have returned the Republican party to power in every branch of the Federal government. The "solemn referendum," which President Wilson sought to force upon the country, failed to materialize; for Senator Harding is believed by the ablest minds of the country to be a better friend of a League of Nations than Gov. Cox—not the Wilson League, but a League based on justice and not military force.

"Bitter enders" will perhaps cry that the election of Senator Harding is a death blow to the League of Nations idea. But those who have followed Senator Harding's campaign utterances know that this is not true. He has pledged himself to endeavor, as soon as he is fairly settled in office, to negotiate, with the advice and consent of the Senate, a series of treaties which will create an association of free nations to promote and preserve the peace of the world. The victory of Senator Harding is a victory for the League of Nations idea in the United States.

Returns from the doubtful States indicate that the Republicans have gained at least five seats in the United States Senate, including one from California. Returns at midnight indicated a victory for Samuel Shortridge over Senator Phelan by a plurality of not less than 56,000 votes. Shortridge has apparently carried Los Angeles county, along with the rest of Southern California, by one of the greatest pluralities ever given to a Senatorial candidate.

From Kansas comes the welcome news that Gov. Allen has been re-elected by a big plurality. The campaign of Gompers and the American Federation of Labor against Allen failed miserably. In fact, the returns from the country at large indicate that the opposition of the A. F. of L. political machine proved an asset to the candidates whom it opposed. The lesson of the coal strike and the steel strike was not lost upon the American people, and the attempt of the walking delegates of the labor unions to dominate the politics of the country has been repudiated.

Returns from the Ninth Congress District are too incomplete to announce definitely the result; but, reckoning on the figures at midnight, Mr. Van de Water has beaten Congressman Randall.

The nation has made a glorious showing and California has done its part. The Democratic record of the last two administrations has been wiped out. Senator Harding has carried the State by possibly 200,000 majority and the voters have headed an appeal to give him a Republican Congress, in order to translate Republican platform promises into executive and legislative enactments.

While a few votes were cast for the Socialist and Farmer-Labor candidates, they were so slight that they do not appear in the early returns. Radicalism has been repudiated by majorities that are almost bewildering. It is even estimated that Harding has carried New York by a plurality of almost 1,000,000. Such majorities were never dreamed of, even in the palmy days of McKinley and Roosevelt.

**DEFINITION VS. INTERPRETATION.**  
Announcement has been made of the early publication of the diary kept by Secretary of State Lansing at the Peace Conference. Mr. Lansing's declared intention of telling the American people just what they "are being let in for" will be welcomed by the public at large. The people have hungered for facts, but have not had their hunger satisfied. President Wilson promised that into the country on the progress of treaty negotiations while in Paris, but he failed to do so. The result has been a Presidential campaign based on interpretations.

Senator Spencer charged the President with promising military and naval aid to Rumania and Serbia. Mr. Wilson denied that he had ever made such a promise. Asked to produce the official stenographic report of the Paris negotiations to prove his point, he replied that there was no copy of the official report in this country. Just why there was not he did not explain. A report of the treaty discussion, purporting to be a correct copy, was forwarded to the President by an American stenographer who was present at Paris. Using this as his authority, Mr. Wilson claimed that Senator Spencer had misquoted him.

The trolley lines must adopt modern advertising methods in order to maintain and extend their business. That was the conclusion reached at the convention of the American Electric Railway Association. has warned against the elimination of Article X, which he has characterized as "the heart of the covenant." Yet Leon Bourgeois, president of the League of Nations Council, in a recent statement to American newspaper men, expressed surprise that Article X had become so keen an issue in the American Presidential campaign. He said that Article X was not essential to the success of the League and could be eliminated without any noticeable weakening of that organization.

Sometimes an assertion of faith can engender more doubt than a calumny—as, for instance, when one assures a lady that she believes heartily in her virtue, which, until then, she had never realized was in doubt. When Arnold Bennett so ardently assures his sex of its superiority it has just that an issue remains to be decided?

## IMMIGRATION STREAM.

BY FREDERIC J. HASKIN.

WASHINGTON (D. C.) Oct. 29.—African negroes made up about seven times as large a part of the stream of immigrants that flowed into America during the fiscal year of 1919 as they did in 1912. Mexican revolutionaries called the proportion of their race in the stream to about eighteen times what it was before the war.

These striking facts, it should be remembered, are based on proportional figures. The total immigration in 1919 was over 8 million, while in the fiscal year of 1919 it was only about 140,000.

Women men and women forgot their own hurts in hours of devotion to those in greater need.

The country doctor became a Hercules, a life saver and a ministering angel for twenty-four hours without rest.

Women men and women forgot their own hurts in hours of devotion to those in greater need.

The babies' cry of pain became a pain-killer for the wounded who tolled until it was rescued.

"Save the women, never mind me," said the stout heart caught in crushing debris.

The bodies from the chassis did the bit and later breakfasted with the tonneau.

If we were only more alive to the fact that every minute is a crisis we'd keep this self-forgetful spirit of Noblesse Oblige always humanizing us that way.

Our spiritual consideration, the problem of human obligation, this day in the week will give us lots of joy of living that we're overlooking.

No need of wearing it like Sunday clothes.

The American's Creed—for you and me Noblesse Oblige.

THE CRISES.

The sudden crisis is the test-moment for Noblesse Oblige.

The train wreck on the Salt Lake shows us how sound is the human heart.

The country doctor became a Hercules, a life saver and a ministering angel for twenty-four hours without rest.

Women men and women forgot their own hurts in hours of devotion to those in greater need.

No wonder Parley P. Chrisham could not win yesterday. He did not half from Ohio.

Milk could be reduced if we could increase the supply. We not subsidize the cows?

Food souring, gas, indigestion, whatever your ailment, take a tablet or two of Bayer.

Not a bit too early to get ready for that Thanksgiving bird. It is roasting high on the price per pound.

Millions of people know that stomach acidity causes indigestion.

A fake movie director has been sent to prison by a local judge. But he did not get them all.

One thing about babies that makes us needless to be bothered with indigestion, dyspepsia, or whatever it is, is that they don't know it all. After they grow up,

Ohio must look this morning in a bar-room where some one is old days, took the contract to clean up the house.

Plenty of time now to cut grass in Senator Harding's front yard. It has had a deuce of a time since last July.

Anyhow, Eugene Debs did not have to sit up all night waiting for the election return. The wait would not allow him to do so.

The chances are that if no one streetcar passengers did not wear \$10 and \$15 silk shirts there would not be advance in fares.

Just what won the war has now been established beyond argument. It is our idea that the German prune had a lot to do with it.

It will be noted that girls only have their hair before marriage, seldom after. If there were more after the ceremony there would be fewer divorces.

Some day there will be a five-cent cup of tea and a five-cent loaf of bread. But when that happy arrives we may have some trouble in getting the nickel.

Of course, it would be better to have a success and was happy. I walked fast and glad along the street. It was noon, the sun shone, it was clear and cold. My hat was like new and I was happy!

There was a crowd on the corner, and I wanted to look, I saw, a police officer with a boy by the arm.

A boy must be a part of the work of Congress. The House Committee on Immigration has been holding hearings on the Pacific Coast.

Washington. Various bills

have been drafted, and one of them arrived.

But the important

fact is that the character of immigration has greatly declined. The proportion of South Italians, for example, has been about a tenth in 1919 as compared to 1912.

Now all is changed. With the growth of Japanese, negro and Mexican immigration, the face of the country has been radically altered.

As generally well known, American immigration was made up for many years by Englishmen, Scotchmen, Irishmen and Scandinavians. These immigrants made up the America which was unbroken till 1890. Then the South Italians and the East European immigrants began streaming in, mainly from Italy, France and Spain. European races fell off.

Now all is changed. With the growth of Japanese, negro and Mexican immigration, the face of the country has been radically altered.

The influx of aliens is much greater today than it was in 1919.

Threatening to reach present proportions.

This is different to some extent in character. Thus the recent Polish debacle is said to have been far worse than the 1919 immigration.

Immigration has become a new one. Intelligent legislation on the subject should be based on a complete and uniform basis of facts.

A new immigration bill is undoubtedly to be a part of the work of Congress. The House Committee on Immigration has been holding hearings on the Pacific Coast.

**Recipe to Make a Gray Hair Remedy**

A. L. Paulson, M. D., who has practiced medicine in New York City for many years, gave out the following recipe for a homemade gray hair remedy: Take a streaked or black, brown or light brown, which shade you desire, by the following remedy that you can make at home:

Merely get a box of Orley powder at any drug store. It costs very little and is extras to buy. Dissolve in 2 oz. of distilled or rain water and comb it through the hair. Full directions for use and a gold seal guarantee come in each box.

It is safe, does not rub off, is not sticky or greasy, and leaves the hair soft and fluffy. It will make a gray-haired person look twenty years younger. [Advertisement]

*Hundred Thousand Needed to Finance Relief Work.*

*Thousands of Service Cases Helped in Last Year.*

*The fourth roll call of the American Red Cross is now in Los Angeles and throughout the nation on the 11th inst., Armistice Day, and closes on the 25th inst. Los Angeles county's quota is \$100,000. Headquarters were established yesterday in the north City Hall Annex with Red B. Clark, general chairman of the fourth roll call, in charge.*

*No one is asked to give more than \$1. One dollar buys or renews a membership for one year. It gives the subscriber the knowledge that he has done his full part in maintaining the greatest, most efficient, most necessary humanitarian organization that civilization has evolved.*

*Last year \$9,000 was raised by this chapter in the third roll call. In the last twelve months the Los Angeles Chapter of the Americans Red Cross has expended in this community more than \$195,000, virtually \$2 for every one received.*

*One reason for the tremendous success by the Los Angeles chapter is that the climate and attractions drew to this city thousands of ex-service men and their dependents who did not live here before the World War.*

*Just what the city might have done with this mighty influx of helpless and aimless unfortunate by the tireless, faithful, efficient and patriotic members of the Red Cross cannot be measured.*

*MOST FOR SERVICE MEN.*

*A synopsis of Red Cross work in Los Angeles and environs from Oct. 1, 1919, to Oct. 1, 1920, is as follows:*

*Contributed for soldiers' and sailors' relief: \$144,609; for cases of tuberculosis: \$45,569.67; for public health nursing: \$1650; for influenza: \$1000; for Spanish influenza: \$1051.91; for home nursing: \$1445.60; total expenditures: \$195,326.10.*

*The number of service men assisted during the year was 2200; the number of families aided by the Los Angeles chapter was 2129, all new cases.*

*There are today awaiting final adjustment 4000 such cases. This is the unfinished work of the Red Cross in this community, making direct appeal to the public who have responded to the work of the Red Cross for years. It is to insure the unhampered continuation of this work for the next twelve months that the fourth roll call annual roll call has been ordered.*

*The money actually spent in relief work represents only a small part of the undertakings. "The greatest motto of the world is 'We render the unfortunate by the men and women of the Red Cross cannot be measured in dollars and cents. It covers every form of need that comes with the unmet emergencies of many sorts, birth, need of supplies, friendship, medical care, hospital attendance and moral support.*

*HURRIES DELAYED CASES.*

*In addition to its other activities, the local Red Cross maintains and operates the Soldiers' and Sailors' Replacement Bureau, which has assisted thousands of men of delayed allotments, allowances, war risk insurance, compensation and such matters. The attorney for the Red Cross gives free advice. Visitors keep in close touch with those needing financial or moral support, look after whole families, see that the sick are properly cared for, the sick nursed back to health, the dead buried, the hungry fed, the little ones properly brought into the world and cared for.*

*The fourth Red Cross roll call is designed to provide funds essential to the continuation of the Red Cross work in Los Angeles for another year. Los Angeles chapter quota is \$100,000. Those who have \$100,000 in savings are necessary. Only \$1 is asked from each individual. That \$1 is the person's responsibility to the Red Cross, not to himself or to her to wear the little red button of the Red Cross.*

*District organizations throughout the city and county are to be formed and opportunity given to every man and woman in city and county to pay \$1 and become a Red Cross member.*

*Two WITNESSES FROM COLORADO*

(Continued from First Page.)

*to have been stored in the wooden crypt in the Delton home basement during the winter. The body was admitted by Mr. Ford and Henry G. Bodkin of Mr. Ford's office yesterday.*

*Mr. Ford, in reply to questions regarding this information, Mr. Ford said: "We cannot discuss this phase of the case at this time. This information, as well as other important information, will be given to the trial by Mr. Van Nostrand, must necessarily, be kept secret until the trial. We are receiving daily tips that may prove to be of great importance."*

*Mr. Ford did not visit Mrs. Peete at the County Jail yesterday. The Denver woman is reported to have now sought shelter in her new quarters and to have become a little irritated by her predicament.*

*Another thing, the election being over we shall miss the solemn tolling, the martial strains of a drum and fife, the tragic drums, now hidden behind a muslin tent, and bawled through the streets on automobile gear. That is something else to be thankful for. They advertised the bounding political ambition of some one or a call to invest your coin in a new rheumatism cure.*

**FRIEND GIVES GOOD ADVICE**  
Mrs. Duval Glad She Took Tanlac.  
Has Actually Gained Twenty-three Pounds.  
Says Health Has Been Completely Restored.

"My troubles pulled me down to a hundred and five pounds in weight, but thanks to Tanlac I now weigh a hundred and forty-eight pounds and am in the best of health," declared Mrs. Denina Duval of 220 Enterprise Street, Los Angeles, Cal.

"I was in a badly-run down condition, and was so weak and wornout I could hardly get around the house. Nothing tasted good to me, and my appetite was very poor. I had no desire to eat anything. I suffered constantly from severe headaches, and was so nervous I couldn't stand the least little thing. I never knew what it was to get a good night's rest and was very much disconcerted at nothing seemed to help me any."

"One of my friends advised me to try Tanlac and I'm certainly glad she did, for the medicine has built me up until I feel like an entirely different person. Why, all my troubles have completely disappeared, and I have actually gained twenty-three pounds in weight. I'm feeling just as fine as I could want to, and am so happy over my splendid health I simply can't help praising Tanlac."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores.—[Advertisement.]

BISHOP MAKES FIRST VISIT TO RIVERSIDE.

LOCAL CORRESPONDENCE

REEDLANDS, Nov. 2.—The Rt. Rev. William Stephens, the new bishop coadjutor of the Los Angeles diocese, paid his first visit to the Trinity Episcopal Church here last night. Bishop Stephens was greeted by a great many members of the church and the honored guest at a dinner that was served in the parish house by the women.

Bishop Stephens spoke on the nation-wide campaign that is now being waged by the Episcopal Church, a campaign which it is believed will greatly increase the influence of the church which has always been one of the most active in its missionary work. Bishop Stephens says that only the whole-hearted support of every diocese that the campaign can be made a success.

While he was in Redlands, he was visited by Mr. and Mrs. Herbert H. Garstin at their home.

### ORANGE COUNTY NO MECCA FOR TRAMPS.

"HOBOS' CAGE" TERROR TO WEARY WILLIES—MYSTERY WOMAN AT SANTA ANA.

[EXCLUSIVE DISPATCH]

SANTA ANA, Nov. 2.—Orange county, already shunned by chronic automobile speeders, will not be an attractive haven for the weary willies now coming into the Southland. It was indicated today, when Sheriff G. E. Jackson said his authorities began trying the "hobo cage" with interest. This cage did yeoman service in pre-war years when country roads were bad, do road work, and county officials plan to put it in service again should the influx of tramps continue.

MARRIAGE MYSTERY.

A beautiful Los Angeles woman was selected by the Orange county commissioners this week, and county officials are still wondering what was all about. Her name was Mrs. Lucie Midway, 25, and she disappeared two days ago after applying for a marriage license, but alone. When she learned her husband-to-be must be present to get the license, she sought help from the police. A marriage application signed by a Santa Ana man, who was to sign her husband-to-be's name, and almost succeeded. But he was already married, and well-known at the courthouse, so he declined.

Then the beautiful woman disappeared, but today she reappeared at the local marriage license desk, this time accompanied by her husband-to-be, who gave his name as Stephen A. Cornell. Deponent in the case, Stephen A. Cornell, who detailed to the jury the method by which the bumbo game was said to have been perpetrated.

DAMAGES.

The conditions of Joseph B. Branin, of 947 Westlake avenue, who Sunday suffered a stroke of apoplexy, was unchanged last night and his family held practically no hope for his recovery. Dr. W. B. Wernick, stated that his patient is still unconscious and that he has very slight chances for recovery.

## NEW LASKY POLICY.

ALL-STAR FILMS TO INCLUDE AUTHORS AND PLAYERS.

By Grace Kingsley.

The one-star system is going to smash, and the very greatest upward show to the all-star cast policy will be given to pictures from the Famous Players-Lasky Company. This policy is nothing less than the placing in the Cecil De Mille, and in other Lasky productions, casts which are not only called "all-star," but which really include only really famous stars.

Jesse L. Lasky, first vice-president, in charge of production, who has at present charge of the pictures in the Eastern studios, is due in Hollywood within the fortnight, to start the policy here, following a conference of all heads of the organization.

And not only are the casts of players to be all-star, but the productions will call for all-star casts on the part of the director, writer, so that the whole will form one huge stellar stock company for genuinely big special features.

The first big special production on Cecil De Mille's part in which the new policy will be put into effect, is his announced, "The Affairs of Anatole." Mr. De Mille was called over the telephone from New York and told that the entire resources of the organization were to be at his command, and within a few hours, the famous story-producer, with great enthusiasm, named Mr. Lasky as the ideal cast had been chosen for his picture, and that the entire force at the Lasky studio was eager to work for him. Mr. Lasky had precluded the tremendous advantages the new plan would bring to stars, authors, and most of all, to the public.

The result was told in the announcement of the cast for Cecil De Mille's picture.

The cast includes Wallace Reid, Eddie Dexter, Babe Daniels, Arnes Ayers, Gloria Swanson, Wanda Hawley, Theodore Kosloff, Theodore Roberts, Dorothy Cumming, and June Fay.

Among the authors, who will collaborate in preparing the scenario, will be Avery Hopwood, Elmer Rice, John Willard, MacPherson, and Beulah Marie Dix.

It is to be noted that these have been great successes recently, having been those that had a big popular theme, and that have been repeated.

The play will come first. Then the greatest stars we will be given the much sought opportunity to appear in the role that always are a part of fine drama.

The result of this policy, it is anticipated, will be that pictures heretofore booked for perhaps a few weeks at a theater will run for months.

Among other important announcements made by Mr. De Mille, was one to effect that Miss Glyn, who will arrive in New York the latter part of this month, completing her vacation trip around the world. She will at once start on Arnold Bennett's sacred and Profane Love in which she appeared on the stage.

A cast of stars is being arranged to appear with her, in conformity to the new policy.

Eddie Glyn is on her way here to write a story for Gloria Swanson, which will also have an all-star cast.

Miss Lasky is accompanied West by Edward Knoblock, who will complete in Hollywood, a special story, based on a theme originally developed by Mr. Knoblock in his own last writing. Knoblock will join the colony in the Lasky studios, Hollywood, which now includes Sir George, Sir Herbert, Sir Stanley, Eddie Glyn, and Avery Hopwood.

This colony will shortly be augmented by the arrival of Sir James Barnes and Henry Arthur Jones.

Mr. Knoblock is a

comedian to make drama.

Like Alexander, Mack Sennett, king-pin comedy maker, is sighing for new words to conquer. And now, to change the figure, having been the means of launching a score of his comedy girls into fame in the screen drama, Sennett himself is going to make the plunge into a wider sphere.

As announced yesterday through his veracious press department, Mr. Sennett is to make comedy-dramas. Of course, he's not the sort who happens later, and it may be that some time Mr. Sennett may go in for the tragedy stuff, but right now he's contented to do semiserious comedies.

Mr. Sennett is to make drama.

In order to make his start right, Mr. Sennett is engaging the best talent for his first production, and he's not afraid to pay top dollar.

To that end, he yesterday secured Ethel Grey Terry to play the feminine lead in this picture. Richard Barthelmess, added to the editorial staff, working under Mr. Sennett's personal supervision, and his presence on the lot in connection with the engagement.

Mr. Sennett is engaged as one of the young generation of screen stars. She made her stage debut at the age of 3, and found her way to the screen after a successful career in stock, later as a man, and later as star of the spoken drama. One of her biggest stage successes was in "The East with Nance O'Neill, in "Lily."

Miss Terry enjoys an enviable reputation as one of the most promising of the younger generation of screen stars. She made her stage debut at the age of 3, and found her way to the screen after a successful career in stock, later as a man, and later as star of the spoken drama. One of her biggest stage successes was in "The East with Nance O'Neill, in "Lily."

Wanted, a Pickaninny.

There is great consternation at the Orpheum right now because the pickaninny who was posing as cupid for Jack Patton in "Baba" and "Picasso" has disappeared or become estranged.

At any rate the little black rascal did not show at yesterday's performance, and immediately Howard Collier, manager of the theater, was sent out in search of a new one.

He found a young colored hopeful in front of the theater, reposing peacefully in a baby carriage, and was so delighted at the sight that he proceeded to appropriate the child.

All would have been well but the embryo performer bawled blue murder, and the manager had to turn to the wild mother to keep Collins out of jail on a kidnapping charge.

If you have a colored baby on your visitation, who is not temperamental and who wants to get on the big time, send it around to the Orpheum stage entrance as soon as possible.

Count 'em. We did!

## "LETTY" IS BOOKED.

FILM VERSION OF MUSICAL PLAY TO SHOW SOON.

By Edwin Schallert.

The Christie-Robertson-Cole special production of Oliver Morosco's stage success, "So Long, Letty," has been secured by Gore Brothers and Sol Lesser, according to announcement yesterday. They state that they have booked the picture for their entire circuit, and that it is to open in its home-town picture house, the Kinema Theater, the 27th instant. Oliver Morosco, the original producer, and the entire cast, including his first wife, Anna, and his second wife, Dorothy, will be the entire cast and producing officials of the motion picture, to be present, it is announced.

The cast selected by Al Christie for the film will include Tom T. Ray, Barnes, Colleen Moore, Grace Darmond and Walter Hiers.

"CINDERELLA" EVA HAS 'EM LAUGHING.

Eva la Buss has 'em all laughing down at the New Pantages this week. She's the slydripping all the way round in "Little Cinderella"—heavy on humor, and strong on song, and buxom—but that's enough about the lady. Her gown is surrounded by a set of gowns that put the "spark" in a sparkle, and the "sin" in a scintillate. Her leading man and the little lass who Cinderella add a dash of color to the entertainment to trivoli special.

Silber and North are familiarly amusing in their light sketch, "Bafoofery." Eddie D. Denton and others bring good cheer and interesting romance in their playlet, "In Poughkeepsie"; the Florian Quartet sings the routine of operatic and ballad numbers; Roy Livingston is himself in a very gay livingroom; and the New York company trip the fantastic as if they liked to.

Dave Butler has brought thrills to the New Pantages with his picture, "Sitting on the World." This is one of his own company features, and he hits a popular and unusual pace.

Jeanne Carson and her cohorts continue to revel in the impending disasters of "The Lost City."

New Comedian

STEPS LIVELY.

Broadway grand has a new comedian. His name is Al Brown. He crept quite unheralded and unnoticed into the Folies cast, but this week is making up very rapidly for previous慢ness.

In "Hello, Papa," as this week's revue is entitled, the new comedian is pretty much all there is to it.

"Hello, Papa" turns out to have two papas, both of whom are mild and innocuous steppers compared with the daughter in the case. The comedy is in the missing link between Los Angeles and Paris, the parties involved being home products, who by various circumstances, fortunate and otherwise, find themselves in the French capital.

The new comedian, who is a man in the white wing brigade on Hill street, becomes a count on the boulevards, reversing popular traditions with laughable results.

He is engaged as one of the young generation of screen stars. She made her stage debut at the age of 3, and found her way to the screen after a successful career in stock, later as a man, and later as star of the spoken drama. One of her biggest stage successes was in "The East with Nance O'Neill, in "Lily."

Ruth St. Denis and Ruth St. Denis are featured in a Universal special production, "The Secret Gift." The film is a comedy of matrimony and domestication. Two immigrant boys, Jan and Peter, are both in love with the same girl, Bertha, who comes over the sea to America. Bertha prefers Peter. Jan helps his rival in every way, and wins over the child of his lost mother after the mother died.

The secret is well told in the picture, with a minimum of titles and abundant graphic action.

"MY SWEETIE" CHARMS 'EM AT BURBANK.

The plot?

What does that matter? So long as there are the jokes, the music and the thirty-six Baby Dolls. There's one more on the way, and the stage as usual this week at the Broad.

The show is "My Sweetie," and nothing represents that is most agreeable to the audience judging from the approval.

There's a singing widow. And two visitors. And she promises to wed the one going broke. Instead they both get rich. Meanwhile—

There are several new songs, a number of new gowns, some zippy dances. And the thirty-six Baby Dolls. Count 'em. We did!

Musical Conductor Dan Today.

Dr. Carlos DeMondi, who has appeared in London and Paris, and more recently the San Francisco bay cities as a violin virtuoso and orchestra leader, is arriving here today, in anticipation of his work as musical director at the Victory Theater. He has been conducting

maffine, and the Musical Christies offer solos on the saxophone, French horn and marimaphone.

"Way Down East" Thrills.

"Way Down East," the D. W. Griffith new picture feature, is drawing enthusiastic audiences in the third week at Philharmonic Auditorium.

The universal comment is that it offers a remarkable picture.

More than a thousand feet of film is devoted to the breaking up of ice in a rushing river, and shows Richard Barthelmess carrying "Lillian Gish" from one ice cake to another in a frantic effort to save the heroine's life. His struggles carry him to the very brink of a roaring cataract.

Enters Final Week.

Frank Keenan and the Wilkes Stock Company began the third and last week of St. John Ervine's drama, "John Ferguson," last night at the Majestic Theater. The presentation of this dramatic piece by the capable company has been splendidly received by the theatergoers here. Frank Keenan has been seen to fine advantage in his rôle as Ferguson. Associated with him are Edward Everett Horton, Mildred Southwick, Fred Cummings, Marie Curtis, Franklin Pangborn, Forrest Seabury and other members of the Wilkes company.

The manufacture of home brew and the sale of bootleg liquor increased in Los Angeles during the past month, according to figures compiled yesterday by L. W. Lyons, police statistician. In his report to Chief Pendegast Mr. Lyons shows that 362 persons were arrested during October for intoxication, against 241 in September. The increase is 33 percent.

Burglary reports made to the police in October totaled 418 against 405 during September.

Thirty-seven hold-ups were reported against forty-two for the previous month.

In September five murders were reported in the city, while last month two were reported to the police.

Automobiles stolen increased in October to thirty-seven against twenty-one during September.

Only two persons reported to the police that they had been snubbed by bungo operators during October. This report was received in September.

During September seventy-seven automobiles were stolen from the city streets against forty-seven during October.

During October 26 traffic accidents took place on the streets.

In October 276 persons were injured in traffic accidents and in September 429.

While twelve persons were killed during September as the result of traffic accidents, sixteen were killed in October. This sets a new record.

A grand total of 2580 persons were arrested by members of the police department during October against 2539 in September.

Many Whisky Cases to be Passed on  
as Fresno Court Session.

Some idea of the growth of prosecutions under the Volstead Act and the national prohibition amendment may be gained by the fact that at the coming session of the Federal court in Fresno, beginning next Monday, with U. S. District Judge Trippet on the bench, there will be fifty-four such cases to be adjudicated.

In addition there will be twelve whisky cases to be presented to the Federal grand jury there. Eleven additional cases will come before the court. It is expected that more than two or three weeks will be employed in the work of the November term.

Under the provisions of an ordinance adopted yesterday by the City Council, aviators must fly at least 1000 feet up when piloting airplanes over Los Angeles, while stunt flying is prohibited over buildings and inhabited portions of the city.

In general, the measure, which regulates the operation of aircraft in and over the city, closely follows that adopted recently for the county by the Board of Supervisors.

When the case against Herman Munn, alias Harry McMunn, charged with impersonating a Federal officer, was called in U. S. District Judge Trippet's court Monday, the accused waived the reading of the indictment, said he had no attorney and wanted none, and asked that he be sentenced immediately.

An U. S. Attorney asked that the matter of sentence be postponed until Thursday, saying that it was necessary to get certain documents in the case before the judge.

The documents are understood to relate to the marriage of Munn to Miss Ruth Armstrong, at London, Ont., on July 5, last, following the marriage of Munn to Muriel Ernest Scott, by throwing herself into the ocean at White's Point on Dec. 18, 1919.

Munn is charged in three counts on the indictment with securing funds by means of representing himself as connected with the Department of Justice, and several of his victims were in the courtroom.

Munn, who was held in jail after he deserted in Sacramento, after but two weeks of married life, is still in the city awaiting the outcome of his trial.

He was held in jail after him, she said yesterday. "You won't hear of me committing suicide."

# Society Brand Clothes

FOR YOUNG MEN AND MEN WHO STAY YOUNG

The suit that you tried on  
and didn't buy

You liked it. You looked better in it than you had looked in any clothes for a long time. But you didn't want to "go that high." You said you would "look around a bit."

You went out and saved a few dollars buying somewhere else.

Now you have a suit—a good suit—but somehow it doesn't look as good on you as other men's clothes look on them.

The reason is, these men bought the kind of suit that you didn't buy.

When you are shown a Society Brand Suit the merchant is giving you his best

service to make you look as well clothed as other men.

When you look for something else you are trying to beat an unbeatable game. You are trying to get something as good as Society Brand in a suit that sells for less money because it has less value—less style, less hand-tailoring, less than all-wool fabrics.

That's brutally frank, but it's true.

Go to a good clothing store and ask to see a Society Brand Suit. Try it on. When you like it, buy it. The way to get good clothes is to go where they are sold and buy them. There is no other way.

EXCLUSIVE DISPATCH

ALVESTON (Tex.) Nov. 2.—An important objection to concrete ships has been overcome by the rapid refloating here of the Laramie, which is 7500 tons deadweight and one of the largest ships ever built.

It had been believed before many construction difficulties that it would be impossible to make water-tight connections.

This theory was disproved, it is asserted, when the Latham ran on the rocks north of Tampa, Fla., July 14, 1919, after two days of bad weather, running the ship aground.

Many were doubtful of the possibility of making successful water-tight connections on the bottom of the ship, which is only five inches thick.

Concrete is ordinarily mixed in ordinary proportions. However, used in the concrete repair of ships is an aggregate composed of fine particles.

These are carefully selected in order to obtain a uniform size.

After various experiments in permanent laboratory an aggregate which produces a concrete of the right strength and durability is selected.

It is then mixed with sand and gravel and is so strong, if not stronger, has been found by baking an earthenware pot which represents a vessel.

From Mexico, however, a very strong, aggregate which is not practicable value, is obtained by high transportation cost.

It is used by the use of this aggregate, adding that much to the cost of the aggregate was added to the original price.

CONCRETE OILPROOF.

The concrete used is not waterproof, but also is oilproof.

Oilproof Board has samples of the material which have been used in the process of these repairs.

It is believed that what was not the cause of the damage, notwithstanding the fact that it is oilproof, has been under the heat of oil.

It is believed that the oil has been heated by the sun.

**EXCLUSIVE DISPATCH.**  
HALFERTON (Tex.) Nov. 2.—An important objection to concrete ships has been overcome by the repairing and refloating here of the Latham which is 7500 tons deadweight, and one of the largest concrete ships in the world. It had been held up by many construction authorities that it was impossible to make water-tight repairs to such bottoms. This theory has now disappeared, it is asserted.

The Latham rests on the rocks of the Gulf Jetty at Tampico, Mex., half dry, and had two big holes torn in her bottom, running the entire length of the ship. The hole is made by the American Fuel Oil Transportation Company.

The repairs were made under the direction of Walter E. Harper, president of the Shipping Board, engineer. The Latham was hauled and placed in dry dock.

**MANY WERE DOUBTERS.**

"Many have doubted the possibility of making suitable water-tight repairs between old and new stone surfaces," said Mr. Harper. "Not only have doubts been expressed by shipping men, but construction men have also doubted the concrete composed of the ordinary materials used in foundations of buildings also have doubted the possibility of obtaining a watertight concrete on the bottom of ships, which is only five inches thick."

"Concrete as ordinarily mixed and used for ordinary construction is not a real waterproof. However, the concrete used in the construction of repair of ships is of an entirely different composition. The materials are carefully selected in regard to size, quality and strength. After various experiments in the laboratory, an aggregate which produces a concrete that is added lighter than concrete made and dried, and is equally strong, has been made by baking an earthen ware which replaces a volcanic stone from Mexico previously used as light but strong aggregate, but which was too expensive in account of high transportation costs.

The Latham 1000 tons deadweight was repaired by the use of this aggregate, which makes it easier to carry cargo.

This aggregate was also used in the repairs.

**CONCRETE OILPROOF.**

"The concrete used is not only waterproof, but also oilproof. The aggregate has no porosity, and concrete of concrete which have been made in the process of the repairs, when broken open, show that there was no penetration of oil into the concrete, notwithstanding the fact that it had remained for three months in the water, having been under the sea and having been under the oil for fifteen to twenty days of oil."

"Probably few people know that the first example of reinforced concrete in any form was concrete boats built in France by the Latham in 1849, who took out the first patent for this form of construction, using both concrete and steel.

The boat is said to be still in existence.

With the present concrete boats being built in capacity, such as barges and boats used for building in foreign countries, but were all for use on rivers and in harbors. It was the engineers of the United States to make the first venture in an ocean-going reinforced concrete ship."

### DAILY TRADE TALK.

**Los Angeles Exporters Get a Tip; Hay Market Quiet; Oil Deal.**

BY CHAPIN HALL

Los Angeles is still wearing swaddling clothes so far as a thorough understanding of the export game is concerned, but she is learning. The eyes of several large Eastern concerns are bent in this direction, and this city is destined to become an export center of no mean importance. A fine foundation has been laid for the development of this trade during the past year, and already representatives from Los Angeles are on the field, busy making contacts in the Orient, and wherever the flag of our merchant marine is flying. If they could do this, and even if they could do it better, it would mean further tremendous expansion."

All receipts for the week were absorbed and prices improved from \$2 per ton to nearly all of the alfalfa going into the hands of the dairymen. Approximately \$21 tons of alfalfa were received, mostly from the state banks have given their power to do this, and even if they could do it better, it would mean further tremendous expansion."

Among the concerns recently established here, attracted from the Atlantic Coast by the obvious possibilities of great future, is the Golden State Export Company, with offices in the Iberville Building.

In establishing its foreign correspondence, this house has unearthed several arguments against the American system of trading with overseas customers, and showing in effect that it is better to go to market and to ship and make goods the way the other fellow wants us to.

But we buy in China, or Japan or Mexico, why should we not be denied his buyer's opinion, and as soon as the American and the Los Angeles exporter realize that the Chinese are buying our alfalfa with the high water mark off Point Firmin, the sooner he will establish the confidence so essential in the transaction or international exchange.

To illustrate this point, the Golden State people yesterday received a telegram from Strenzegger & Co., Switzerland concern with important oriental connections in Singapore and Penang. In their letter they said:

"European banks in this country (China) are not any too keen at the moment, so that the market has been in vogue heretofore from imports from the United States. The view is now held by them that American produce, until quite recently, was not good enough to command a price comparable with that of the European bankers.

"European bankers, like their American friends, like to make some risks, also, a state of affairs which has not existed as long as the former were good enough to arrange letters of credit in favor of American exporters."

This is seen in line with information from other sources and brings to mind a condition which is faced by our exporters, and which is being recognized by the far-sighted business men of the Los Angeles district. This country is going to have plenty of competition for this very lucrative business, and the sooner the time arrives to harmonize the various interests, the sooner will she enter into her reward, for the business is waiting.

**HAY MARKET.**

This week's market letter, issued by the Alfalfa Growers of California, under date of November 6, says that the improvement in the demand for hay is now quite general throughout the state.

There is no longer any question that the demand for hay is increasing, and the market is becoming more active.

*Federal Attorney Sure No Indictments Will be Made This Week by Grand Jury.*

U. S. Atty. O'Connor said yesterday that there will be no report of the Federal grand jury this week on the investigation of whisky conspiracy charges. He intimated that some time before any trial would be done officially in the matter.

Prohibition Agents Weisback and Jacob, who are co-operating with the District Attorney's office, will file the facts in regard to the illegal withdrawal of whisky from bond, both here and in San Francisco, are firmly convinced that they were in receipt of any unusual amount of whisky about the time that the stuff is supposed to have been taken from the bonded warehouse.

It is known that U. S. Collector Carter held up several of the permits when he thought there was something wrong about them. This he did in the month when taxes for the stamp, and the whisky was paid for, together with a permit for the withdrawal of the same, he was in due time in order the release of the liquor—but in several instances declined to do so.

*MAN ACCUSED ON CHARGE OF ABDUCTING WOMAN WANTS TO HURRY DIVORCE.*

Admitting that he expected to be arrested when he walked in to a trap at the County Hospital, Edward A. Danaker, aged 22, was in the County Jail yesterday, awaiting transportation to Riverside county to face trial on a charge of abduction. He is accused of abduction of Mrs. Olive

Rhode, wife of William Rhode, a rancher of San Jacinto Valley, Riverside county, on October 1. Danaker was employed by Rhode.

A search was made for Danaker and Mrs. Rhode, but they did not appear from the ranch about the same time, but neither was found.

Danaker came to this city Sunday from Escondido and is the son of George Rhode, who is the son of Robert Read, an intern at the institution and a brother of Mrs. Rhode.

He said he went there to aid Mrs. Rhode in obtaining a divorce. When he arrived, after telephoning, he was arrested.

The Rhode divorce case was scheduled to go to trial this week before Judge Craig of Riverside.

**LATE****CREST****WAY****PRESIDENT A SPHERE**

*No Congratulations to Harding.*

*Seems Absolutely Daze Election; Health Good Says Grayson.*

BY A. P. NIGHT WIRE. WASHINGTON, Nov. 3.—President Wilson had no comment today on the result of day's election, nor did he send a message of congratulations to the new President.

Having received only the news returns before retiring last night, the President arose this morning and after breakfast, saw later figures of the Republican victory in the morning newspaper. Thereby he spent some time with portions of the White House and conferred with Secretaries.

Rear-Admiral Grayson, the naval attaché to the White House, paid a visit to the president subsequently that the President's health apparently had not been affected by the result of the election. His health is in good condition, and that he is in good condition. During the noon the President and Mrs. took their daily automobile ride.

COLBY TALKS LITTLE.

Colby, the Secretary of State, was the only member of the Cabinet to make any formal statement on the outcome of the election. When the State Department sent a message to Colby in which he declared "Truth crushed to the earth," Colby said he was disappointed and depressed, but that he was not but feel confident that in the way and by some avenue not moment disclosed, this country will end up in the highest condition.

Official and diplomatic Washington remained silent in regard to the Republican victory in the election on both sides in the President's office. Colby said he was disappointed, but that he was not but feel confident that in the way and by some avenue not moment disclosed, this country will end up in the highest condition.

OFFICIAL AND DIPLOMATIC. Washington remained silent in regard to the Republican victory in the election on both sides in the President's office. Colby said he was disappointed, but that he was not but feel confident that in the way and by some avenue not moment disclosed, this country will end up in the highest condition.

COURSE IS IN DOUBT.

There was no one in Washington who professed to know what decision the President had made. Courses were regarded as open him: To leave the White House with General Pershing and the League of Nations administration take office March 4 or to remain in the session beginning early in February.

Under the theory is reminiscent of the Senate, that body at its coming session could act on the issue of peace with Germany or remain inactive until the measure adopted at the last session, but voted by President Wilson. While the Republicans majority will take to revive that measure to be decided by Republican leaders.

**VOTE SURP****President-Elect Congress; No**

MAHON (O.) Nov. 4.—President-elect voting from his late return, with pessimistic attitude.

His expressed fear, however, the growing figures confirmed public gain in both Senate House, for he had told his friends that his greatest apprehension the outcome had not been a defeat for himself, mainly because that left him free to make a swing around the Senate, and a majority was needed.

Throughout the weeks of the campaign turned officially to the Senatorial side, and it was known in the lead of the party that the old guard Republican Senatorial candidates more than for any other cause that he left his front line and made a swing around the Senate, and a majority was needed.

NEVER A DOUBT.

As for his own fortunes, he doubt for a moment from the time of his nomination. He did not surprise at the tremendous tone piled up for him, however, clarity of his position and even his fondest hope.

Mr. Harding was not losing
